

Tripod ~ for low light level photography.

Script/ Treatment/ Store Boards & Schedule.
Have these to refer back to.

Your car is your often your office, make sure its comfortable, with SAT NAV, charger cables for lap top & phone & camera batteries.

Wet wear jacket, and always valid ID & business cards.

Lap Top.

Little "point & push camera". There are occasions where getting an SLR out will bring the on-site security down on you and slow you down!

Mobile phone ~ never be without it!

Binoculars, Compass & Maps~ old school but great when scouting in rural areas. Plus you should know where the sun will rise and fall on your location.

Don't use a "camera bag", you don't want people knowing whats in it! And have an internet dongle inside.

SLR camera and lenses.

Tape measure.
